| 26<br>Closed  | 27<br>We're back to normal hours this week - 9-6             | 28<br>Hours 9-6  | 29<br>Hours 9-6  | 30<br>Hours 9-6   | 31<br><i>New Year's Eve</i><br>Hours 9-1  |  |

### How to use the map:

1. Find the area you're sending your package to on the map at left.
2. Note the color for the area.
3. Convert the color to transit days, then refer to the calendar for the number that follows UPS \_\_\_ on the calendar.
4. Now you know the last recommended date for that area.

*Example: Arizona would be UPS 3 so the last recommended day for shipping is Dec. 20.*

*ALSO: Fed Ex Home Delivery may be a preferred option for certain locations, as they deliver on Saturdays (but not Monday) for residential delivery.*
